## Halls C1 – C4

- Aluminum**
  - Aluminum profiles / systems
  - Facade systems • Sunshade systems
  - Windows • Doors, gates, doorframes
- Lifts and escalators**
- Building automation / control**
  - Machines / tools for aluminum / steel working

- Glass (Visions of Glass)**
  - Glass building materials • Glass facades
  - Glass structures • Foils
- Building automation / control**

- Software and computers in construction (BAU IT)**

- Locks / Fittings / Security**
  - Locks • Cylinders • Fittings
  - Anti-intrusion systems • Access-control systems
  - Accessories
- Doors and windows**
  - Wood • Plastics • Glass • Aluminum
  - Roller shutters / Shade systems
- Building automation / control**

## Halls B0 – B6

- Renovation and modernisation**
  - Seminars • Product innovations • Institutions
  - Services • Publishing companies

- Aluminum**
  - Aluminum profiles / systems
  - Facade systems • Sunshade systems
  - Windows • Doors, gates, doorframes
- Building automation / control**

- Gate systems / Parking systems**
  - Parking systems • Gate systems
  - Gate and door drive technology
  - Doors, gates, doorframes • Accessories

- Steel / High-grade steel / Zinc / Copper**
  - Profiles, structural steel systems
  - Doors, gates, doorframes
  - Façade systems • Shade systems
  - Windows • High-grade steel
  - Zinc and copper surfaces / systems

- Energy / Solar technology**
  - Solar technology, photovoltaics, solar thermics (Solar Horizons)
  - Air-conditioning technology
  - Ventilation technology

- Locks / Fittings / Security**
  - Locks • Cylinders • Fittings
  - Anti-intrusion systems • Access-control systems
  - Accessories
- Doors and windows**
  - Wood • Plastics • Glass • Aluminum
  - Roller shutters • Shade systems
- Building automation / control**

- Wood / Plastics**
  - Wood materials • Plastics • Interior finishing
  - Stairs • Wood construction • Accessories

- Floor coverings**
  - Elastic • Textiles • Parquet • Laminates
  - Sporting facility floors
  - Strips and profiles

## Halls A1 – A6

- Stones / Soils**
  - Stones, soils • Sand-lime brick
  - Concrete / porous concrete
  - Pumice / fiber-cement building materials
  - Dry interior finishing
  - Prefabricated building • Plasters
  - Floor pavements • Insulating materials

- Bricks / Roof building**
  - Bricks • Roof tiles
  - Chimney-building materials
  - Roof-building materials • Dormer windows

- Natural stone / Artificial stone**
  - Natural stone • Artificial stone • Accessories
- Outdoor design (Urban Design)**
  - Garden and landscape architecture
  - Street and park furnishings
  - Street and park lighting • Demarcations
  - Play equipment

- Construction chemistry**
  - Plasters / varnishes / paints • Adhesives
  - Protection against heat, cold, fire and noise
  - Insulating materials • Seals • Building tools

- Tiles / Ceramics**
  - Tiles • Glass tiles • Ceramics
  - Sanitary engineering / objects • Fittings
  - Accessories

### Interiors, Materials / products for interiors

- Special show**
  - „MacroArchitecture Forum“
  - „Italian Design“
